PETITION DEPARTMENT
REG'D. NO. 366 R
DATE 4-5-92

His Honor K. Shashadri Iyer Esquire
B.A. B.L. C.S.I.
Dewan of Mysore.

Most humble petition of Rai Bahadur Bunsilal Ram Rattan and of Rai Bahadur Arcot Narayaswamy Moodly —

Respectfully Sheweth.

1. That the petitioners have obtained decrees against the late Rai Bahadur Yelly Mallappa Chetty, Yelly Veeranna Chetty and Yelly Poolo Swamy Chetty in the Chief Court of Mysore in Original Suit Nos. 2 & 3 of 1886 for Rs. 21762-8— with interest at 6 percent per annum and with costs in favour of the 1st named petitioner and Rs. 14639-4— with interest at 6 percent per annum and with costs in favour of the 2d named petitioner —

2. That among other properties hypothecated to the petitioners one Chattaram at Bowring Pett and lands attached to the Chattaram more particularly described in the annexed schedule were also hypothecated —

3 That the said Chattaram and lands were also held liable to the amount of decree in favour of the 1st named petitioner, Authenticated Copy of the Decree is herewith filed —

4. That the Civil Court refuses to execute the Decrees of the petitioners against the said properties on the ground that they are dedicated to public Charities.

5. That the whole of the Decreed amount of the 2d named petitioner and a great portion of the Decreed amount of the 2d named petitioner remain unsatisfied

6. That the judgment-debtors have applied to be declared insolvent.

Respected Sir,

I beg most respectfully to bring to your notice that when the late Yellay Mullappa Chetty, Rai Bahdur, was experiencing the utmost difficulties and troubles in the hands of his several Creditors, I lent him Rupees 45000/- to clear off the debts, simply to help an old and well known brother merchant. Respected Sir,

I beg most respectfully to bring to your notice that when the late Yellay Mullappa Chetty, Rai Bahdur, was experiencing the utmost difficulties and troubles in the hands of his several Creditors, I lent him Rupees 45000/- to clear off the debts, simply to help an old and well known brother merchant. Two Bonds were obtained from him and his two managing Nephews mortgaging among certain Villages, the Chutter and lands at Bowringpett and Kundally in the Kolar District.

The debt not having been fully discharged, a suit was filed again the Executors of the Bonds and their heirs, but the Chief Court accepting the dishonest plea put in by the Defendants, held that I

was entitled to go against only 5/8ths of the Villages.

They also held that the Chutter and lands belong to the public and that none of the defendants had power to mortgage or alienate them.

The Government advocate on our behalf pointed out the Government Orders publish=ed in the Revenue Manual of 1886 at pages from 195 to 200 validating such alienations and argued that the defendants were enjoying for their own use the surplus income by means of rents for buildings and outhouses of the Chutter and of produce of lands, but the Chief Court did not assign any reason for not giving effect to the said Government Orders.

The Defendants Committed fraud on me by executing a lease for 10 years to their near=est relation Magamma Chetty and by allowing the Government to resume Rampur Village in Nanjangud Taluk, after getting about 90 putties of land registered in the names of the said Magamma Chetty and other nearest relations.

Hearing that such other Chutter have been made liable for private a

and placing Confidence in the Government Orders on the subject I advanced a large amount on the Security of the Chutter in question and other property, but as the Chief Court wrongly held that the Chutrum and lands given by Government for its maintenance were not liable for debt.

I have no other alternative than to Submit the subject matter for the favorable Consideration of the Government with a request that Justice may be granted me.

I beg to send herewith the Copies of Judgment of the Appelate Side and the Full Bench for your kind perusal.

I beg to remain

Sir,

In reply to your letter No. 5252/616 of the 28th Ultimo, Regarding the construction of the Government Chultrum at Bowringpett, I have the honor to state that the cost of it, if constructed with brick and Chunam will be Rupees 1198 as already intimated in this office docket No. 1621/652 of the 18th Ultimo, but it appears that there is only Rupees 20311 available out of the funds of the Bungalow Chultrum for the current year, as the Dy. Accountant General state in his docket No. 543 of the 22nd May 1869 that savings effected in past years out of the allowance of this institution cannot be allowed to be drawn.

There being very few substantial Chultrums besides Mungalee and Kullyana Pettys at Bowringpett, I fully agree with you in thinking that there is a necessity

for building another Chultrum at such a large outlay, and it will be observed from the 2nd para of Mr. Bangley's letter* that he and his partner have no objection to a portion of their Chultrum being used for the distribution of Government Charity. I beg to add that by not having a partition wall, no inconvenience will be felt by the people wishing to avail themselves of the Government Charity, there being a separate gateway for the portion of the Chultrum set apart for the Government Charity. - -

Sir,

With reference to your letter of the 8th Instant, requesting to know whether Mr. Bangley and I would consent to make

over absolutely a portion of the Churtrum at Bowring Pill for a valuation.

I beg to state that we undertook this work for a Charitable purpose, and have no desire to sell any portion of it, and would wish it to remain in its integrity according to the original design.

2.— I would take the liberty to bring to your notice that the erection of the Churtrum was undertaken on the Dist. Superintendent Wm Brewhingar having promised the Government allowance of food to be distributed at the Churtrum. We have of course no private interest, no have we any desire to interfere in the distribution of Government Charity. We look at it only in a charitable and public point of view.—

3.— I would respectfully observe that should a portion of the Churtrum be divided off, and kept distinct for Govt. Charity, it is not likely to be enjoyed by the poor generally, but is apt to be monopolized by a privileged class, whereby the bounty of Government is likely to be abused.

of the 22d February 1842 and 22nd July 1846, I have the honor to report that the Chuttrums has been very satisfactorily completed at a considerable cost amounting to upwards of 5000 Rupees. Mr. Morgan in his Concurrent Letter No 18 of the 28th February 1874 to my address has relinquished his right, title and interest in the institution in favor of his partner Ayle Vinnappah Chetty, the advancy Contractor of this District who is the real party who constructed the Chuttrums The building is such a commodious one, that on the transfer of the head quarters of Betuncungala Talk from Baitncungala to Bowringpitt, I considered it unnecessary to build another Government Anna Chuttrums at the latter place, through its construction was sanctioned by the Chief

Commissioner and recommended, with the consent of the owners Mr. Merglar and Yellé Mullapah Chetty that a portion of their Chuttrum might be utilized for the distribu=tion of the Government doles. This arrangement was sanctioned by the Chief Commissioner in his Secre=tary's Docket No. 185/73 of the 11th April 1870 as conveyed in your Docket No. 317/38 of the 22nd April 1870 and the other portion of this Extensive build=ing is now being used by all classes of travellers.

2. Under these circumstances, I beg to solicit sanction for the grant to Yellé Mullapah Chetty of minimemo=rial waste land assessed at 30 Pagodas or Rupees 87-4-4 in accord=ance with the Chief Commissioner's No=tifications of 1842 and 1846 above re=ferred to. The land in question is

Sir

I have the honor to state, for the information of the Chief Commissioner, the following circumstances in connection with the Chuttrum, built by Messrs Mergler and Yelay Mullapah, at the "Kolar Road Station, formerly called "Maramuttoo".

2. In 1865 the Deputy Commissioner of Kolar recommended the grant of land measuring 80 yards square to Mr. Mergler for the construction of a Chuttrum, or Moosafurkhana, at "Maramoottoo". Colonel Dobbs, before recommending the grant, enquired

whether Bunjer lands was avail=
=able which could be given
on jodi tenure for the maintenance
of the Chuttrums,

3. On receipt of information
to the effect that Bunjur land was
available in the Kolar Taluk, a Re=
=commendation was sent up to the
Chief Commissioner for the grant
of the building site, and sanction having † Muntaza No. 537/87 of 21st April 1866.
been obtained, the site was duly made
over to Mr. Mergler.

4. In 1868 the Deputy Commissioner
reported, that in consequence of the
transfer of the N.E. Quarters of the Baitmangalum Taluk
to "Marcumaplo" the Government
Chuttrums at the former place was
sold; and he requested, that from
the sale proceeds thereof, and from
the savings effected in the Sirkar
Allowance, aggregating Rupees 493-13-3,
a Chuttrums should be built at

† The name of which place was at that time changed to "Bowringpet"

Boorningpett, after some correspon-
dence the Chief Commissioner's sanction*
was obtained for the construction
of the building at a cost of Rupees
662.

* Sanitary docket No. 5844 of 19th Feby 1869.—

5. In September 1869, Major Arms-
-trong reported, that the walls of the
Chuttrums ought not to be built in
mud, and suggested brick in
Chunam instead, for which an Es=
=timate for Rupees 1198 was received.
He also added, that Messrs Mergler
and Mullapah Chetty were willing
to set apart a portion of their Chuttrums
for the distribution of the Government
dole.

6. Finally Mr. Krishnanigar urged
the cancelment of the original Estimate
on the ground, that the Sirkar arrange=
=ments could with much convenience
be carried out in the Chuttrums built
by Messrs Mergler and Mullapah.

7. Under these circumstances the Chief Commissioner was moved to cancel the sanction accorded for the new Chuttrums which has been obtained, and the Government dole has ever since been distributed in the building, constructed by Messrs Mergler and Mullapah Chetty.

Secretary's docket No 185/3 of 11th April 1870.

8. The Deputy Commissioner now recommends the grant of unmemorial waste land, assessed at 30 Pagodas or Rupees 87-4-4, and a copy of his letter No. 935/384 dated 29th July last on the subject, together with a detailed statement of the land, is herewith submitted. I have therefore the honor to request, that you will be so good as to obtain the Chief Commissioner's sanction for the grant of the land to Mullapah Chetty, on Jodee tenure under the terms of the Notification of the 22nd July 1846. -

Subject Eglay Mallappa Sheriff Chettiar at Bonninghete.

A portion of the Chettiaram for the Dutch lands hereinafter granted under the rules of 1846 is rented out as shops, & the rents collected by the heirs of the original builder of the Chettiaram & the trustee of the Iraam. The heirs are maintaining the Chettiaram with a suitable establishment.

The question is can Govt. interfere with & do away with the Iraam.

Govt. have no power to do away with the Iraam

Govt. have no power to interfere with the Chettiaram

Govt. have no power to interfere with the Chettiaram

The Chettiaram is a

Govt. have granted an Iraam because the Chettiaram was constructed for Public use. The owner has no right to put it to any other use. He may rent out the shops for the benefit of the Chettiaram but not for his own benefit. The Govt, as the guardian of all charitable institutions in the province, possesses the power of preventing misuse of the Chettiaram. I would therefore issue the following order.

Govt. have no objection to the use of a portion of the Chettiaram as shops provided the trustees applies thereto & derives therefrom for the benefit of the Chettiaram.

To

The Chief Secretary to the
Government of Mysore

Sir,

Adverting to the Dewans Proceedings No: 2441/294 dated the 22nd March 1888 calling for a report on the present management of the charitable Chuttrum founded by the late yale-mallappa setti at Bowringpet, I have the honor to state that from the records available on the subject it appears that the chuttram in question was constructed about the year 1870, for the benifit of travellers and that the marginally noted Jodi Lands were granted to the founder Yeli mallappa Setti in 1874-75. Subject to the conditions prescribed in the Rules of 22nd July 1846 published at pages 195 and 196 of the Revenue Manual of 1886.

Dry Land — Do — 6-8-4 1/2 — 15-16-16 — K.K.P 8-11-11 1/2

Layout to Gottigimani R.A.P — 8-11-8 — 8-11-8
SERICULTURE AND OTHERS — Kolar Taluk — Do — Nandagunbalki — Do

The endowment was sanctioned in the late Chief Commissioner's order No: 4915/110 dated the 6th October 1874

The rules above cited render it imperative that the chuttram under reference should at all times be left to the free and unrestricted use of travellers.

I inspected the chattram on the 25th ultimo and found it in a tolerably good condition.

I herewith submit a rough sketch from which it will be observed that the chuttram consists of a main block of building in the centre, with a line of out-houses all round.

A portion of the out-houses is used for the Government Anna Chattram, and the Parpatthegar's quarters. Another portion is occupied by the servants appointed by the founder to look after the building. One of the outer rooms is in the occupation of a Shastri, an outsider, who has come to Bowringpet to teach Sanskrit at the place.

Two more rooms were also found occupied at the time, but the occupants appear to have vacated since for bona fide travellers

The main block and the greater portion of the out-houses are available for travellers

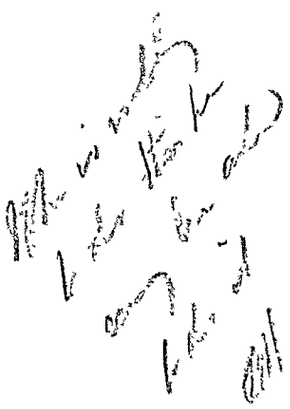
The only objectionable use to which the Chattram is put is the conversion of the western front part of the building which is the chief front into a number of regular shops which pay to the founder's heir a monthly rent of Rupees 32-8-0. These shops have been in existence for some years past and their summary and immediate removal now would cause great inconvenience to the Shopkeepers who will find it difficult to procure accomodation elsewhere at Bowringpet which is already much over-crowded.

It will further cause a serious loss to the owner of the Chattram who is now in somewhat straitened circumstances.

The founder has been maintaining an establishment consisting of a

servants a sweeper and a scavenger at a monthly cost of Rs 8-8-0 besides a mutsaddi on Rupees 6 per mensem to keep the accounts of repairs &c to the building and to look after the lands forming the chuttram endowment.

The main building in the centre of the chattram is capable of extension towards the east and west. This the founder's heir Pootsawmy Setti may be called upon to do within a given time in order to make up for the room occupied by shops. He appeared before me yesterday and expressed his willingness to carry out the extension towards the west. He wants a years time to execute the work which may be allowed him. He has already fixed stone pillars to the East of the main building and all that is required in that direction is a proof but he is not prepared to do this and states that the pillars were put up for planting vines.



The western extension may for the present be insisted on and after that is completed, Pootsawmy Setti may if necessary be required to make further improvements.

The Vernacular papers bearing on the subject as per accompanying Twist are herewith Submitted for reference and obliging return when no longer required

I have the honor to be,

Sir,

Your most Obedient Servt

Abdul Rahman

Deputy Commissioner.

Inspection Note

Sirkar Anvalchattram

at Bowringpet

I inspected the Chattram on Sunday the 24th Ultimo.

2. The Chattram is located in a portion of Gole Mallappa Chetty's Chattram It enjoys a Cash Jasdik of Rs 55-8-. a month, and the establishment maintained for feeding purposes ~~consists~~ consists of 6 Servants, who are paid on the whole Rs 12/- a month and 6 seers of rice a day. Besides, a-

allowance of 2 seers of rice a day is given from the Chattram to a certain Anjaneyaswamy temple at Betamangala. Thus, the servants of the Chattram and the temple consume, besides Rs 12 in Cash, 240 seers of rice a month, costing about Rs 24, and what remains out of the Jasdik for the benefit of travellers is only a small sum of about Rs 19-8-0; and it could not be expected that out of this trifling amount, the feeding in the Chattram could be carried ~~out~~ on satisfactorily.

3. Out of the 6 Servants maintained in the Chattram, one Govar Appanna has been absent from duty for the past 2 or 3 years, his work in the Chattram being performed by a substitute. I sent for the person and questioned him with reference to his long absence. In reply, Appanna stated that he had opened a condiment bazzar, and could not give it up and return to his duty in the Chattram, as his emoluments in the latter were comparatively very trifling - only Rs 1-3- a month in cash and one Seer of rice a day. Appanna

further stated that ~~a substitute has been doing his work but that however,~~ the office may, therefore be disposed of at the pleasure of Govt. The Kanarese statement given by Appanna is hereto appended. Under these circumstances — Appanna's services may be dispensed with altogether. There is no need to fill up the vacancy, which may therefore be absorbed.

4. As regards the daily allowance of 2 seers of rice given from the Chattram to a certain Anjaneyaswamy temple in Betamangala, it would appear

appear on enquiry, that the allowance in question was sanctioned at the time when the Chattram under advertance was maintained in Betamangala, as the temple was also located in a portion of the same premises Several years ~~have~~ have passed since the Chattram itself was removed from Betamangala to Bowringpet; the old Chattra building at Betamangla has some been abandoned and sold away by public auction, but yet, the rice allowance to the temple still continues to be paid considering that the temple has long been

in receipt of the allowance, ~~I should not withdraw it~~ now altogether, but it must be distinctly understood ~~in future~~ that the allowance will, ~~in future~~, be ~~granted only~~ paid out of the Surplus (if any) of the Chattram allowances. (~~if any~~), ~~remaining~~ & if any be left after the feeding in the Chattram has been carried on throughout ~~the month~~. The needs of the travellers cannot be sacrificed to that of the temple.

I shd not now the grant altogether. But in future, it be distinctly stood that the allowance in question will be paid the temple only of the Chattram allowances, if shd remain after the feeding of the has been carried on throughout the month. It is not at all desirable that the Chattram funds shd be diverted from objects of the grant and the legitimate needs of bona fide travellers shd not be subservient to those of the temple in question.

5 On the whole, the state of the Chatham is very far from satisfactory. As stated in para 2 ~~above~~, the major portion of the Jardik is consumed by the establishment maintained in the Chatham, and the so-called feeding of travellers must only be a nominal one. Under these circs I think that the practice of feeding travellers ~~travellers~~ may be ~~altogether~~ safely stopped altogether, and instead, the system of issuing pass rations introduced on the lines

Memo

The late Rao Bahadur Yelê Mallappa Chetty's Chattram at Bowringpet Kolar District

---

This Chattram was constructed some 30 years ago by the late Rao Bahadur Yelê Mallappa Chetty and Mr Mergler, Abkari Contractors, the latter of whom subsequently relinquished his interests to the former who was his partner in business Jode lands to the extent of 15 Khandies and assessed at Rs 87 4 4 have been granted for the up-keep of the Chattram by the late Chief Commissioner under the Notifications of 1846

2 In March 1888 it was brought to the notice of the Dewan that the Chattram was being used by the heirs of the founder in a manner inconsistent with the object of the charity

produce of the Jodi lands forming the endowments to the Institutions mis-appropriated towards purposes unconnected with the charity. The Deputy Commissioner was thereupon requested to enquire into, and report, on the manage-ment of the Chattram.

* P.-S. No 1441/294 D 22.8.88

3. In reply to the above the Deputy Commissioner reported* that the Chattram was in a fairly good condition, but that a portion of the building had been converted into regular shops which was very objectionable. The Deputy Commissioner, however, remarked that the shops had long been in existence, and that their sudden removal will cause great local inconvenience, and therefore recommended that the shops be retained and that to make up for the loss of accommodation to travellers, the manager of the Chattram be called upon to extend the main block in the centre. In the report it was also stated

* Letter No 2010/350 D 22.10.89

that the manager Yelê Puttusamy Chetti, son of the founder Mallappa Chetti, had appeared before the Deputy Commissioner and agreed to carry out the proposed extension of the building within a year's time.

4. In passing orders on the above, the Government observed that there was no objection to the use of a portion of the Chattram as shops, provided that the manager applied the rent derived therefrom for the benefit of the Chattram. The manager was accordingly to be informed that he must render to Government an account of the receipts and expenditures of the Chattram annually, and that if he failed to do so, the Chattram would be taken over under the management of Government. It was further directed that the manager should complete the extension of the Chattram as proposed by the Deputy Commissioner.

5. When the above order was communicated to the manager Yelê Puttusamy Chetti, he petitioned to Government praying to be excused from rendering annual accounts

of the Chattram receipts and expenditures as also from extending the Chattram premises. He represented that some of the Jodi lands granted to the Chattram had lain waste, some were gravelly and consequently uncultivable, while the remaining lands which were cultivable were not very productive owing to the scarcity of water for irrigation. The yield from the Jodi lands was very limited and insufficient for the maintenance of the Chattram, and he the manager had to depend on the rent derived from the shops both ~~from~~ for the payment of the Chattram establishment charges and for the feeding of poor travellers visiting the Chattram. He, the manager could not keep regular accounts of the miscellaneous items of expenditures without the aid of a special clerk which would involve an addition to the establishment charges which were already heavy. As regards the extension of the Chattram building, the manager submitted that the building was already very

spacious

spacious and more than enough for the accommodation of travellers, and that further extension of the premises as proposed by the Deputy Commissioner would only necessitate an addition to the servant establishment, besides blocking up the open yards which had specially been left vacant for the purposes of free ventilation.

6. In reply to the above petition, the manager Puttusami Chetti, was informed that within the course of one month, he should render to the Deputy Commissioner of Kolar, satisfactory accounts of the receipts and expenditures of the Chattram, and that if he failed to do so, the management of the Chattram will be taken charge of by Government in accordance with the orders conveyed in Government Proceedings No 3716 dated 18th July 1890.

7 After a lapse of more than one year, Puttusami Chetti furnished some accts of the Chattram receipts

expenditures, and these accounts which have been forwarded to this Office by the Deputy Commissioner are to say the least vague and incomplete. No satisfactory accounts have been rendered by the manager, of the rent derived from the Shops and how the sum is expended for the purposes of the Chattram.

8. I proceeded to Bowringpet on Saturday the 23rd. Ultimo and inspected the Chattram. The building except in the central block, which is in a tolerably good condition, is leaky, and not kept clean. The rooms intended for the travellers have been allowed to be permanently occupied by local residents. I found 7 families residing in the Chattram at the time of my inspection. Nothing has been done towards the extension of the Central block which was ordered in Govt. Proceedings No. 3711/16 dated 18th July 1890.

9. The Verandahs on either side of the main entrance facing the west

have

have been converted into shops. There are about 14 shops. According to the statement made before me by the Parpattegar of the Sirkar Anna Chattram which is also located in a portion of Mallappa Chetti's Chattram these 14 shops yield a monthly rent of about Rs 54/. Of this sum Rs 20/- is reported to be spent for the purposes of the Chattram, and the balance taken away by the manager Puttusami Chetti, who himself resides at Bangalore.

10. In conclusion I need only add that the management of the Chattram by the present manager Ogle Puttusami Chetti is on the whole very unsatisfactory. I would not, however, recommend the resumption of the Jodi lands attached to the Institution under clause 8 of the Rules for endowments of lands to Chattrams &c (published in page 186 of the Mysore Land Revenue Rules). But considering the great necessity for maintenance of a good Chattram in such an important station like Bowringpet, I would beg to suggest that the Sirkar Chattram

and its endowments &c be placed under the manage-ment of the Amildar of Bowringpet Taluk – at least provisionally – who will collect regularly the rents and profits of the endowments and apply them for the repairs and other bona fide purposes of the Chattram, under the orders of the Muzrai Department. The present manager Yelé Puttusami Chetti may be appointed as a Dharmadarsi of the Chattram and assist the Amildar in the manage-ment of the Institution.
